RENEWED (SECOND) PETITION UNDER 37 CFR 1.181 - SECOND SUPPLEMENT

Sir:

Further to our conversations on May 5, 2003 and May 7, 2003, we annex hereto (for incorporation by reference with the original Petition Under 37 CFR 1.181 and the previous supplementation thereof) a complete printout of all docket entries in the transaction log for our computer call-up system for October and November 2001, supplementing the printout for September 2001, previously made of record.

The record in this petition now includes the entirety of our transactions for the three month period September 2001 through November 2001, as logged into our system, when the document in question would have been expected to have been received and entered into our system.

There is a single entry for our file 0412-101P, the docket number for the subject application on October 26, 2001 removing an October 31, 2001 due date which had been routinely entered on or about August 13, 2001 (when the postcard receipt for filing the application was received) for the "IDS reminder". Enclosed is a copy of our file

Serial No. 09/890,511

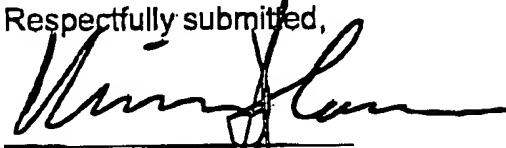

Page 2 of 2

document (postcard receipt stapled to page with our date "received" stamp and our call-up "date stamp") showing the October 31, 2001 call-up "date stamp" date - 3 months after the July 31, 2001 filing date - which was the source of the October 31, 2001 entry for this file in our computer system. Had the September 14, 2001 document been received there would have been an entry date when it was put in the system and a call-up date (November 14, 2001 when the "action" would have been due) and a removal date (when the "due date" would have been removed as was the case for the "IDS due" date call-up for this case) reflected in our records. There are no such transactions for a September 14, 2001 document. This supports the allegations of record that the September 14, 2001 PTO document was never received.

It is respectfully submitted that the Renewed Petition complies with the USPTO requirements and should be granted.
